december 26th, 2019 — one sees a broad range of topics in the writings of these four “classic” pragmatists in contrast to the growing demands for technical “specialization” that marked the course of academic philosophy but when these early pragmatists are invoked it is usually not only for their particular doctrines of pragmatism but
Pragmatism is a philosophical movement that includes those who claim that an ideology or proposition is true if it works satisfactorily, that the meaning of a proposition is to be found in the practical consequences of accepting it, and that unpractical ideas are to be rejected. When William James published a series of lectures on 'Pragmatism: A New Name for an Old Way of Thinking' in 1907, he began by identifying 'The Present Dilemma in Philosophy.'

This dilemma is a fundamental and apparently irresolvable clash between two ways of thinking about things.
